# Apprenticeship Summary

## Overview of the Role

Specialist teaching assistants support provision related to special educational needs and disability (SEND), the social and emotional well-being of learners, or within another area of specialist curriculum provision such as forest schools, EAL, subject-based interventions or music education.

## Occupation Summary

This occupation is found in primary, secondary, special schools, alternative provision, further education institutions such as sixth forms and colleges, and a range of other education settings such as music hubs. Specialist teaching assistants will work alongside colleagues to inspire learners to progress and achieve well. Specialist teaching assistants work across all age ranges, supporting a range of learners. In the Early Years, specialisms are achieved through continuing professional development opportunities subsequent to staff achieving a recognised qualification which enables them to work in a setting in accordance with the Early Years qualification requirements and standards.

The broad purpose of the occupation is to support the education of learners by providing specialist support. Specialist teaching assistants plan, implement, and adapt activities in order to advance learning. They draw on research to develop a critical understanding of their specialist area. They establish relationships with learners, families, other professionals and external agencies to support the education of the learners they work with. They contribute to developing a sense of inclusion and belonging for the benefit of the learners within the communities that they serve. They draw on their specialism to contribute to the evaluation of learning and assessment activities, sustainability in their educational context. Specialist teaching assistants both reflect on their own practices and support the training and development of others within their specialist area.

They will specialise in one of three options:

- SEND specialist teaching assistants support the implementation of SEND policy, processes, and procedure. They will advance learning for those learners with SEND.
- Social and emotional well-being specialist teaching assistants support the implementation of policy, processes, and procedure in this area. They will focus on learners' social and emotional well-being, to advance learning.
- Curriculum provision specialist teaching assistants provide support for learners and advance learning in a specialist curriculum or subject area of expertise. This may include, but is not limited to, supporting with advancing learning through early reading or early maths interventions, supporting a specific subject area or forest school provision, or supporting provision for learners with English as an additional language (EAL).

In their daily work, an employee in this occupation interacts with learners and teachers, or others acting in a supervisory capacity. They may work with other education professionals such as SENCO's, and external agencies such as early help, social services, or agencies that provide specialised support in the area of specialist provision.

An employee in this occupation will be responsible for supporting the education of individuals or groups of learners, often identified by their supervisor. They must ensure the safety of the learners in their care. They may have responsibility for supporting the work of colleagues. Within settings where they are undertaking specified work, they will be working under the supervision of a qualified teacher.

### Professional Recognition

This apprenticeship is not aligned to professional recognition.

# Gateway Requirements

Before the apprentice can start their EPA, the training provider is required to upload the following evidence:

	<b>Gateway Meeting Record/Gateway Declaration</b>
	<b>Photo ID</b>
	<b>Functional Skills - English Level 2</b>
	<b>Functional Skills - maths Level 2</b>
	<b>Portfolio of evidence with a completed Mapping and Tracking Form</b>

# Assessment Methods

The end-point assessment (EPA) for this standard consists of two assessment methods:

Observation with questions

Professional Discussion underpinned by a portfolio of evidence

## Assessment Order

The assessment methods can be delivered in any order. The result of one assessment method does not need to be known before starting the next.

## EPA Window

The EPA period starts when Training Qualifications UK (TQUK) confirms the gateway requirements have been met and is typically three months.

# Observation with questions

## Assessment Overview

In the observation with questions, the End-Point Assessor will observe the apprentice in their workplace and ask questions. The apprentice completes their day-to-day duties under normal working conditions, and simulation is not allowed. This gives the apprentice the opportunity to demonstrate the [knowledge, skills and behaviours \(KSBs\)](#) mapped to this assessment method.

The End-Point Assessor will conduct and assess the observation with questions, which must be structured to give the apprentice the opportunity to demonstrate the KSBs to the highest available grade.

The total duration of the assessment method is **two hours**; the total time for the observation element being **90 minutes**, and the time allocated for questioning **30 minutes**. The End-Point Assessor must explain the format and timescales of the observation with questions to the apprentice before it starts. This does not count towards the assessment time.

Apprentices must be given **14 days** notice of the observation with questions. The observation with questions must take place in the apprentice's normal place of work (for example, their employer's or a customer's premises). This must be a [controlled environment](#), free from any distractions.

## Observation

The observation may be split into discrete sections held on the same working day. The End-Point Assessor must only observe one apprentice at a time, and must be as unobtrusive as possible.

The End-Point Assessor should observe the following during the observation:

- conduct planned session(s) with an individual, group or class of learners as part of a course or series of teaching sessions
- deliver a session using relevant technology and or resources to support learners' understanding and outcomes
- demonstrate curriculum and pedagogical understanding through their teaching activity
- create a safe and inclusive learning environment, championing equality and recognising diversity according to statutory regulations and best practice
- provide feedback to learners.

The apprentices should provide the assessor with a copy of their session plan and any support materials **at least one day before the session observation**.

Any equipment and resources needed for the observation must be provided by the employer and be in a good and safe working order.

## Questioning

The End-Point Assessor must ask questions after the observation to seek clarification where required, and to assess the level of competence against the grading descriptors.

The End-Point Assessor must ask at least **six questions**. They may ask follow-up questions where clarification is required.

In addition to the set number of questions for the observation with questions, the End-Point Assessor must ask questions about KSBs that were not observed to gather assessment evidence, but these should be kept to a minimum.

## Grading

The End-Point Assessor must make the grading decision.

This assessment is graded fail, pass, or distinction according to the [grading criteria](#).

To achieve a pass in this assessment, the apprentice must meet all the pass criteria. To be awarded a distinction, they must meet all the pass criteria and all the distinction criteria.

If the apprentice does not meet all the pass criteria, this assessment will be graded as a fail.

# Portfolio of Evidence

Apprentices must compile a portfolio containing evidence during the on-programme period of the apprenticeship to demonstrate the knowledge, skills and behaviours (KSBs) that the professional discussion will assess. The portfolio will typically contain **15 discrete pieces of evidence**.

Evidence must be mapped against the KSBs assessed by the professional discussion and may be used to demonstrate more than one KSB. The [Portfolio Mapping and Tracking Form](#) allows the apprentice to identify which piece of evidence meets each KSB. They must provide evidence for all the KSBs. Incomplete portfolios will be rejected at the gateway stage.

Evidence sources may include workplace documentation and records, for example:

- workplace policies and procedures
- annotated plans and assessments of children
- case studies
- practical project work
- research tasks
- witness statements
- annotated photographs
- video clips with a maximum total duration 10 minutes; the apprentice must be in view and identifiable.

Any employer contributions to the portfolio of evidence should focus on direct observation of performance (a witness statement, for example) rather than opinions.

This is not a definitive list; other evidence sources can be included. However, the evidence provided must be valid and attributable to the apprentice, and the portfolio of evidence must contain a **statement from the employer and apprentice** confirming this.

**The portfolio of evidence should not include reflective accounts or any methods of self-assessment.**

As the portfolio is to underpin the professional discussion, it is not directly assessed or marked. It will only be reviewed to prepare questions for the professional discussion, and the End-Point Assessor will not be required to give feedback on the portfolio after this review.

# Professional Discussion

## underpinned by a portfolio of evidence

### Overview

In the professional discussion, the End-Point Assessor and the apprentice have a formal two-way conversation to allow the apprentice to demonstrate the [knowledge, skills and behaviours \(KSBs\)](#) mapped to this assessment method.

The End-Point Assessor will conduct and assess the professional discussion, which must be structured to give the apprentice the opportunity to demonstrate the KSBs to the highest available grade.

The professional discussion must last for **60 minutes**. The End-Point Assessor has the discretion to increase the time of the professional discussion by up to 10% to allow the apprentice to respond to a question if necessary. No new questions will be asked after the time limit has been reached.

The training provider must submit the apprentice's portfolio of evidence at gateway. The End-Point Assessor must have at least **two weeks** to review the portfolio of evidence prior to the professional discussion to prepare questions based on the KSBs identified for this method.

The End-Point Assessor must ask at least **10 questions**. Follow-up questions are allowed where clarification is required. The purpose of the assessor's questions will be to assess the apprentice's competence against the following themes:

- **Core:**
  - regulation and guidance
  - advancing learning
  - planning and assessment
  - professionalism
  - communication
- **Option:**
  - specialist teaching assistant - SEND
  - social and emotional wellbeing specialist - social and emotional wellbeing
  - curriculum provision specialist teaching assistant - curriculum provision

The apprentice must have access to their portfolio of evidence during the professional discussion so they can refer to and use evidence from it to illustrate their answers.

Apprentices must be given **14 days notice** of the professional discussion. The professional discussion must take place in a suitable venue such as the employer's premises, in a [controlled environment](#), free from any distractions. It can take place face to face, or remotely, conducted by video conferencing using Microsoft Teams.

### Grading

The End-Point Assessor will make all grading decisions.

This assessment is graded fail, pass, or distinction according to the [grading criteria](#).

To achieve a pass in this assessment, the apprentice must meet all the pass criteria. To be awarded a distinction, they must meet all the pass criteria and all the distinction criteria. If the apprentice does not meet all the pass criteria, this assessment will be graded as a fail.

	S35 Support colleagues by advocating for the specific curriculum provision.

# Overall Grading

The overall grades available for this apprenticeship are fail, pass, merit, or distinction. Each assessment component is graded individually. Once an apprentice has completed all assessment components, the grades are combined as described in the table below to determine an apprentice's overall grade.

Observation with questions	Professional discussion underpinned by a portfolio of evidence	Overall Grade
A fail in any assessment component will result in a fail overall		
Pass	Pass	Pass
Pass	Distinction	Merit
Distinction	Pass	Merit
Distinction	Distinction	Distinction

## Resits and Retakes

If an apprentice fails one or more assessment method(s), they are eligible for a resit or a retake. The apprentice's employer needs to agree that a resit or retake is appropriate.

A resit does not need further learning, whereas a retake does. An apprentice should have a supportive action plan to prepare for a resit or a retake.

Resits are typically taken within two months of the fail notification. The timescale for a retake is dependent on how much retraining is required, but they are typically taken within four months of the fail notification.

Failed assessment methods must be resat or retaken within a six-month period from the fail notification, otherwise the entire EPA will need to be resat or retaken in full.

If an apprentice requires a resit or retake, their grade for that component will be capped at a pass, unless Training Qualifications UK determines there are exceptional circumstances.

Resits and retakes are not offered to an apprentice wishing to move from pass to a higher grade.

## Appeals

Training Qualifications UK's Appeals Policy, including time frames, can be found [here](#).
