Features of a T Level Foundation Course

Preparation for T Levels: a one-year course, completed as part of a foundation year, designed to provide students with a strong foundation in the knowledge and skills directly relevant to their chosen T Level route, preparing them for level 3 study.

Development of Core Skills: the course embeds essential English, maths, and digital skills, ensuring that students develop literacy and numeracy skills that are key to academic success and in the workplace.

Workplace Experience: students will benefit from a work experience opportunity or experience of a simulated work environment, providing an opportunity to apply their learning in a practical context.

Professional Behaviours: The course introduces students to professional behaviours expected in the workplace, including communication, teamwork, and time management.

Progression Opportunities: Successful completion of the Foundation Course, together with the other components of the foundation year to include English and maths, will support students to progress to a T Level, apprenticeship, or employment.

Focus of the Health and Science T Level Foundation Course

- introduces core theories, concepts, principles, and skills common to all T Levels in the route, such as the fundamentals of financial accounting and research skills
- develops transferable skills to include analysing, investigating, and self-reflection applicable across study and employment
- provides opportunities to learn about different occupations, such as the police, prosecutors, defence lawyers, and judges, at local and national levels.
